WHEN ICE COMES KNOCKING

ICE is searching for and detaining a growing number of people all across California, especially in sanctuary cities. It is more important than ever to know your rights, no matter your immigration status.

If you are an immigrant, it is possible that at some point ICE may approach you. Knowing the right things to do in these moments may stop ICE from detaining you and help you from being deported — keeping you with your family.

Know your rights, keep calm, have an attorney to call and make a family plan. If you need more help or have questions, contact community organizations you trust. To find help near you:
